ANDREW MOTEL

**Vice President of Information Technology
Chief Technology Officer
Acorn Technology Corporation**

Andrew has been with Acorn Technology Corporation since 2003 and currently serves as the company's Vice President of Information Technology and Chief Technology Officer. He began his employment at Acorn as a network administrator, bringing a background of extensive network security experience.

Prior to working for Acorn, Andrew worked as a freelance consultant agent before joining a large consulting company based in San Francisco. Andrew also worked as a network administrator for the Bourns College of Engineering at the University of California Riverside.

Andrew attended the University of California Riverside on a Regent's Scholarship earning a Bachelor's of Science in Computer Science.

Andrew's current areas of focus include network security and mobile computing.
